Subject index*

A

- Abdominal scar, two...types of Müllerian epithelium in (Lauchlan), 89
- Abortion, artificially induced, observations on (Konstek), 592 (Abst.)
- law survey, New York (Hall), 1182 (Comm. in brief)
- therapeutic, intra-amniotic injection of saline for (Wagatsuma), 743 (Pertinent comments)
- Abruptio placentae, severe, toxemia of pregnancy and renal biopsy (López-Llera and Rubio), 1144
- uterine behavior in, contraction patterns and their reactivity to oxytocin (Cobo et al.), 1151
- Acetate, norethindrone, in fertility control, clinical evaluation (Rice-Wray et al.), 115
- Acid-base state of fetus, effects of positive pressure ventilation of mother upon (Morishima et al.), 269
- Actinomycin D, sequential use of methotrexate and, in treatment of metastatic choriocarcinoma and related trophoblastic diseases in women (Ross et al.), 223
- Activity, biological, and metabolism of cyclopentyl-3-enol ether of progesterone, studies on (Harkness and Charles), 1005
- Adenocarcinoma of cervix and cervical stump, follow-up of patients with (Peete et al.), 343
- paraurethral gland (DeHaan), 903 (Comm. in brief)
- Adenoma of rete body (Greene and Dilts), 886
- Adenomyosis, uterine, pregnancy changes in (Madersbacher), 601 (Abst.)
- Adenosis vaginae (Sandberg et al.), 209
- Adolescent patient in private practice of gynecology (Baldwin), 405
- Albumin, technetium^{99m}-labeled, visualization of placenta by radioisotope photoscanning using (Larson and Nelp), 950
- Alkaline phosphatase, leukocyte, in newborn infant (O'Kell and Axon), 1181 (Comm. in brief)
- Alterations, nitrogen, sodium, and potassium, metabolic studies in eclampsia (Zuspan and Goodrich), 357
- Amenorrhea and galactorrhea (Thompson and Kempers), 65
- primary, practical possibilities for classification (Henzl, Presl, and Horský), 79
- American Association of Obstetricians and Gynecologists twenty-fourth annual foundation prize, 906 (Item)
- Board of Obstetrics and Gynecology, Part I examination, 464, 906, 1066 (Item)
- Gynecological Society, transactions of eighty-eighth annual meeting, 603-702, 767-849
- Society for colposcopy and colpomicroscopy, 464 (Item)
- Amethopterin in abdominal pregnancy (Hreshchysyn, Naples, and Randall), 286 (Comm. in brief)
- Amniocentesis and intrauterine fetal transfusion in erythroblastosis (Boves, Drose, and Bruns), 822
- Amniotic fluid, growth inhibition factors in (Walsh, Hildebrandt, and Prystowsky), 590 (Comm. in brief)
- volumes in second half of pregnancy (Charles, Jacoby, and Burgess), 1042 (Current investigation)

- Androgen effect, lack of, on human sebaceous glands with low-dosage norethindrone (Pochi and Strauss), 1002
- fetal, and maternal virilization (Jakobovits), 598 (Abst.)
- Anemia, hemolytic, and pregnancy (Borglin and Hackl), 601 (Abst.)
- severe, due to iron deficiency and benign gynecologic disease, management (Pritchard), 617
- Anesthesia, effects of, on unborn fetus (Wolkoff et al.), 311
- obstetric, training in, in United States (Shnider), 243
- Aneurysm, arteriovenous, chorangioma associated with (Reiner and Fries), 58
- dissecting, of ascending aorta during third trimester of pregnancy with cardiac tamponade (Herman), 282 (Comm. in brief)
- Angiography, pelvic, in diagnosis of malignant trophoblastic disease (de V. Hendrickse et al.), 595 (Abst.)
- Anomalies of sex chromosomes, clinical significance (Jones), 335
- Anovulation in hospitalized mental patients (Wallach, Garcia, and Pincus), 72
- Anovulatory drug (medroxyprogesterone acetate with estradiol), coagulation and fibrinolytic studies in women receiving (Powell, Guest, and Bond), 167
- Antigenic relationship between placenta and kidney in humans (Boss), 574
- Antihistamines, hydramnios, and congenital malformations in rat, benzhydrylpiperazine (King, Weaver, and Derr), 563
- Aorta, dissecting aneurysm of ascending, during third trimester of pregnancy with cardiac tamponade (Herman), 282 (Comm. in brief)
- rabbit, effect of pregnancy and norethynodrel with mestranol (Enovid) on length-tension relationship in (Johnson et al.), 179
- Arteriovenous aneurysm, chorangioma associated with (Reiner and Fries), 58
- differences of oxygen across uterus of rhesus monkey, gestational changes (Battaglia et al.), 32

B

- Basal cell cancer of vulva (Schueller), 199
- Benzhydrylpiperazine antihistamines, hydramnios, and congenital malformations in rat (King, Weaver, and Derr), 563
- Beolocator, new instrument for localization of intrauterine contraceptive devices (Fuchs, Buchman, and Nakamoto), 128
- Beta-hemolytic streptococcus, Group B, neonatal sepsis and other infections due to (Eickhoff et al.), 596 (Abst.)
- Biopsy, renal, severe abruptio placentae, toxemia of pregnancy, and (López-Llera and Rubio), 1144
- Blood coagulation, progestational agents and (Margulis et al.), 161
- cord, maternal and, at delivery (Crawford), 37
- flow, uterine, effect on labor (Greiss), 917

*September 1, 1-160; September 15, 161-300; October 1, 301-464; October 15, 465-602; November 1, 603-766; November 15, 767-906; December 1, 907-1066; December 15, 1067-1204.

Blood flow—Cont'd

- uteroplacental, at term, influence of uterine contractions on (Borell et al.), 44
- maternal, and blood of newborn infants, applicability of Van Slyke-Sendroy nomogram (Erdmann and Hellegers), 723 (Current investigation)
- and plasma volumes in multiple pregnancy, cardiovascular hemodynamics in pregnancy (Rovinsky and Jaffin), 1
- transfusions, use of, in obstetrics (Gibbs and Misenhimer), 26
- volume in human female, effect of lactation on (Donovan, Lund, and Hicks), 588 (Comm. in brief)
- Body characteristics in excretion of 17-ketosteroids and 17-ketogenic steroids in obesity, importance (Jacobson et al.), 594 (Abst.)
- Books received for review, 299
- Breech presentation, oxytocin in (Neimand and Rosenthal), 230
 - at term, prognostic index for vaginal delivery in (Zatuchni and Andros), 237
- Burdick pregnancy test, use of, in normal and abnormal conditions (Casas and Fúster), 285 (Comm. in brief)

C

- C¹⁴-amino acids, incorporation into human placenta (Mori), 1164
- Cancer (*see also* carcinoma)
 - cervical, growth patterns of, without intraepithelial stage, so-called monophasic growth (Madej), 746 (Current developments)
 - investigation of viral etiology for (Lewis et al.), 659
 - in man, viruses, vaginitis-cervicitis complex and (Di Virgilio, Lavenda, and Siegel), 491
 - of cervix, extended pelvic exenteration for advanced, long survivals following added resection of uninvolved small bowel (Brunchwig and Barber), 296 (Abst.)
 - pelvic lymph node dissection following radiotherapy for (Gray and Frick), 110
 - cure statistics, comparative (Friedman and Taylor), 758 (Current developments)
